OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

December 19, 2022

Debbie Schaub Qualco, Inc. 225 Passaic Street Passaic, NJ 07055

Subject: Notification per PRN 98-10 – Adding ABN Ortex Poly 60 and additional marketing

claims

Product Name: Deadpool

EPA Registration Number: 3525-174

Application Date: 03/23/2022 Action Case Number: 00350790

Dear Ms. Schaub:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, you may contact Stacey Grigsby at 202.566.0821 or via email at grigsby.stacey@epa.gov.

Sincerely,

Stacey Grigsby

Stacey Grizoly

### **NUCLO POLY 60**

- [ For Sparkling Pools]
- [ Non-Foaming Algaecide]
- [ A Non-Metallic, Non-Foaming Algaecide]
- [ For preventing and eliminating mustard, black and other algae species.]
- [ Kills black, green, mustard and red algae]
- [ Effective over broad pH range]
- [ Prevent: 2-4 oz. per 10,000 gallons]
- [• Kill: 11-17 oz. per 10,000 gallons]

## NOTIFICATION

3525-174

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

12/19/2022

### **ACTIVE INGREDIENTS:**

OTHER INGREDIENTS: 40.0%

This product contains 5.76 lbs. of active ingredient per gallon and weighs 9.6 lbs. per gallon

KEEP OUT OF REACH OF CHILDREN

**CAUTION** 

SEE FIRST AID STATEMENT AND OTHER PRECAUTIONS

ON BACK PANEL BEFORE OPENING CONTAINER

NET CONTENTS: [1 QT (32 FL OZ)] [1 GAL (128 FL. OZ.)] [1 PT (16 FL. OZ.)]

#### PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wear goggles or face shield. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

#### FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may contact the Poison Help Line (1-800-222-1222) for emergency medical treatment information.

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System () permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

#### **DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Users are recommended to wear waterproof or chemical resistant gloves when applying this product to pools or spas.

Poly 60 is used to control the growth of algae in swimming pools. This product is compatible with most commonly used swimming pool chemicals but must not be mixed with soap or other cleaners or premixed with other water treating chemicals. This product works best when added by itself to pool water. For maximum effectiveness pools containing heavy growth of algae must be cleaned prior to using product. For pools having just visible algae growth add an initial dose of 11 to 17 fluid ounces of this product per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool, add initially 6 to 11 fluid ounces of this product per 10,000 gallons of water. To maintain pools free of visible algae growth subsequent additions of 2 to 4 fluid ounces of this product per 10,000 gallons of water must be made every 5 to 7 days after the initial treatment.

Before draining a treated pool, spa, or hot tub, contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool, spa or hot tub water to any location that flows to a gutter or storm drain or natural water body unless discharge is allowed by state and local authorities.

Reentry into treated swimming pools is prohibited above levels of 4 ppm of chlorine.

This product is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. This product can be used in pools treated with chlorine chemicals and may reduce the amount of these chemicals normally required. However, do not mix this product with concentrated dry or liquid chlorine products.

POOL GALLON CALCULATOR

(all dimensions in feet)

Square or Rectangular:

Length x Width x Average Depth x 7.5=Gallons

Round or Oval:

Length x Width x Average Depth x 5.9=Gallons

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Keep container closed when not in use. Leaking or damaged containers must be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides must be kept out of reach of children and stored away from food.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on the site or at an approved waste disposal facility.

### **CONTAINER DISPOSAL:**

Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 3/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for latter use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling, if available, or discard in trash.
